Demos Claim Proof Third Party Invalid

Expect Ruling On Objection Wednesday

Springfield, Ill., Aug. 28—(AP)—Democratic objectors to the state Progressive party's bid for a place on the Nov. 2 ballot said today they have "very definitely provided" the new party ticket is not legally entitled to listing.

Will F. Costigan, attorney representing the objectors, made the statement as state electoral board hearings to determine validity of Progressive nominating petitions recessed for the week-end.

Costigan told reporters he was "very satisfied about the proof" submitted in the first three days of hearings. He said the testimony of county clerks and deputies from 18 counties represented "convincing evidence of the allegations."

Signatures Invalid

The objectors seek to show that numerous invalid signatures were among those obtained on Progressive petitions and that the unchallenged signatures are insufficient to meet election law requirements.

Their case will continue Monday before the board. Tuesday has been set for testimony by Progressive witnesses, with a ruling by the board expected the following day.

William Miller, state Progressive director, said from 40 to 60 names challenged in each county did not correspond with any petition signatures.

Decision Referred To State

The board's decision will be referred to the state certifying board which by Thursday must send names of qualified candidates to county clerks for ballot listing.

Costigan contended the evidence has far knocked 18 counties from the Progressive total of 63 in which 200 or more petition signatures were obtained.

This would leave 45 counties with the required number of valid signatures, compared with the minimum of 50 specified by law as necessary to place nominees of an "unestablished" political party on the ballot.

Testimony Backfires

Officials representing 14 counties appeared today as witnesses for the objectors. The testimony of one, Frank Keith, Republican county clerk of Perry county, backfired.

Keith produced an affidavit purporting to show that of 778 petition signatures collected in his county 58 were those of persons disqualified from signing because they had voted in the Republican or Democratic primary last April.

Examination of subpoenaed registration records in the presence of the board disclosed that about half of the persons were not so disqualified. Keith said the affidavit was prepared by a deputy "who apparently misunderstood my instructions."

Officials from the other 13 counties all attested to the accuracy of sworn lists of invalid signatures they made up at the request of objectors.

Says Downstate Illinois Tired Of Democrats, GOP

Winnetka, Ill., Aug. 28—(P)—The third party candidate for U. S. senator from Illinois said today "people downstate feel that both old parties have had their chance—and struck out."

Curtis D. MacDougall, the Progressive campaigner, told an audience he felt many downstate residents feared high prices, a business bust with consequent loss of their jobs, and a future war.

He said he had found voters in southern Illinois irritated by failure of Congress, "controlled by both old parties since the end of the war, to do something besides jockey for position in the coming election."

Truman Anxious To Open Campaign

Blakistone Island, Md., August 28—(P)—Sun-tanned and cheerful, President Truman is eager to be off on a presidential campaign tour expected to cover every section of the nation.

"The president is looking forward to the campaign with a great deal of zest," Presidential Press Secretary Charles G. Ross reported today. "It is going to be an extensive one, as you know."

Ross talked with reporters in a visit aboard the press yacht Wanderer in which reporters have covered the chief executive's nine day pre-campaign cruise.

Call More Witnesses In Shelton Bribe Case

Peoria, Ill., Aug. 28—(P)—Ten additional subpoenas were issued today in the grand jury investigation precipitated by reports of a \$25,000 bribe offer to a county official.

Verle Safford, special prosecutor in charge of the probe, said the additional witnesses will be heard next week.

Meanwhile, Circuit Judge Henry J. Ingram, who ordered the investigation, said today that the grand jury's action was not limited to the reported bribe plot. He said the grand jury was free to investigate any indications of lawlessness in the county.

The grand jury today heard Claude U. Stone, editor and publisher of the Peoria Star. Safford said Stone was asked about statements by colleagues of the late Bernie Shelton that the editor knew of four recordings of a conversation between Shelton and Roy Gatewood, a Republican politician, in which the \$25,000 was discussed.

Members of Shelton's gang said the records were made June 26, a month before Bernie was slain from ambush. They purported to convey that Gatewood acted as emissary of Roy P. Hull, Peoria county state attorney in seeking \$25,000 from Shelton in exchange for quashing an indictment charging Shelton with assault to kill.

Hull and Gatewood have denied that there was any bribery plot. Gatewood, who refused to testify before the grand jury Thursday, was ordered by Judge Ingram to appear Monday and answer all questions.

Gatewood would be exempt from any action by the grand jury under the order. Failure to testify would subject him to a contempt action.

Ousted Soviet Consul, Lomakin, Sails For Sweden

New York, Aug. 28—(P)—Jacob M. Lomakin, ousted by the state department as Soviet consul general here, sailed for Sweden today aboard the liner Stockholm.

The 44-year-old envoy, stripped of his credentials by President Truman, was accompanied by his wife and two children, Lora, 11, and Alexis, 6.

The Stockholm is scheduled to arrive in Goeteborg, Sweden, Sept. 6. Shortly before the vessel departed, a Swedish American line official quoted Lomakin as saying he had been ordered to the United Nations general assembly meeting in Paris where he would serve as chief adviser to the Russian delegation.

Lomakin was uncertain, the official said, whether he would go immediately from Sweden to Paris or return home to Moscow first.

Newsman and photographers milled around the departing diplomat as he reached the pier 50 minutes before sailing time.

Brushing by them, Lomakin parted all questions relating to Mrs. Oksana Kasenkina, the Russian school teacher whose accusations touched off an international controversy and led to his recall.

White Sox Fan Found Hanged In Blacksmith Shop

Cissna Park, Ill., Aug. 28—(P)—Cissna Park's No. 1 Chicago White Sox fan, William Dryden, was found hanged in his blacksmith shop today.

Relatives said the 62-year-old smithy had been despondent over ill health for the last few months. For many years Dryden took about 75 youngsters in a stock truck each year to see the White Sox play.

His interest in the Sox reached its height one year when Ted Lyons, Sox manager, was in the midst of a long losing streak in his pitching career.

Dryden fashioned a four-leaf clover in a horseshoe and sent it to Lyons. The pitcher suddenly started winning and carried the lucky piece for the rest of the season.

Lyons later visited Dryden at his home, and the two became friends.

Honeymoon Jaunt Has Difficulties But Couple Happy

Memphis, Tenn., Aug. 28—(P)—How's this for a honeymoon jaunt? A 1200-mile trip down the Mississippi river in a 14-foot motor boat... eggs for breakfast, lunch and supper... a narrow escape from death in a quicksand... and blazing hot weather.

"A perfect honeymoon," said Mr. and Mrs. Mel Woods of Chicago. Woods and his bride followed the Mississippi to Memphis from Appleton, Wis., on the Fox river. They left July 20 and planned to go to New Orleans but sold their boat today and will return to Chicago.

Mrs. Woods has never cooked—so they lived on eggs. She also had never had experience with quicksand. Woods pulled her from a sandy ledge just before she sank. The only casualties: Her shoes and shorts.

But Mrs. Woods recommends the trip for a honeymoon.

"I'll guarantee one thing," she said. "Any couple who survives it shouldn't have to worry about future matrimonial shoals—they've already had 'em."

Selective Service Machinery Starts Rolling Monday

Washington, Aug. 28—(P)—Selective Service is all ready to begin registering men 18 through 25 Monday for America's peacetime draft.

Monday also may see the first draft call—for 10,000 soldiers.

Secretary of Army Royall is reported to have prepared a request for draft boards to produce 10,000 men for induction between Nov. 7 and Nov. 15.

Whether or not such a call comes through, registration will continue as scheduled.

About 20,000 specially arranged registration centers have been prepared by the 4,000-odd draft boards to sign up an estimated nine and a half million men between Aug. 30 and Sept. 18.

Officials emphasized today that all men 18 through 25 must register despite the fact that most veterans are exempt, and even though 18-year-olds are not liable for service until they become 19.

The only Americans in this age bracket who need not register are members of the armed forces on active duty, and foreign diplomats and members of their immediate families.

Those who are not 18 by Sept. 19 should register on their birthdays or within five days after it.

Draft officials said that if registrants are ill or otherwise cannot sign up on designated days, they should notify their draft board and arrange for a later registration.

But they were warned not to delay such notification too long.

Also, if a man is away from his home town, he is allowed to register at the first registration center and his card will be mailed to the proper board.

Failure to register is punishable by a five-year prison term, a fine of up to \$10,000, or both. There is also a heavy punishment for influencing anyone from registering.

Move Cautiously In Quest For Marie Successor

Paris, Aug. 28—(P)—Former Premier Robert Schuman and Paul Ramadier and Economist Pierre Mendès-France were mentioned prominently tonight as possibilities to head a new government of France.

President Vincent Auriol moved cautiously in his quest for a man to replace Premier Andre Marie, whose month-old government fell early today over the issue of wages and prices.

The abrupt resignation of the coalition cabinet produced near political chaos. The French press echoed a desperate hopelessness about the search for Marie's successor.

Auriol conferred steadily with party leaders, including the Communists, amid signs it would be several days before the situation clarified itself.

Schuman, the M.R.P. foreign minister in Marie's fallen cabinet, was premier until last month. He took over in the middle of last December's strike wave and held office until a dispute with the Socialists over the military budget wrecked his middle road coalition.

Ramadier, a Socialist, served in the post just before Schuman.

Mendès-France, a radical-Socialist economic expert, is a former minister of national economy. He helped write the Bretton Woods agreement and represented France at various international monetary conferences and at the United Nations.

Possible Assent In Harvester Strike Foreseen

Chicago, Aug. 28—(P)—Company and union officials said today there is a possibility that the 11-day-old strike of CI United Auto Workers at six International Harvester plants will be settled early next week.

The strike of 16,000 workers began Aug. 17 after last minute negotiations failed to establish a new contract agreeable to both parties.

Members at plants in Melrose Park, Ill.; Evansville, Ind.; Memphis, Tenn.; Springfield, O., and Indianapolis were called off their jobs.

Workers at the Fort Wayne, Ind., followed shortly afterward.

Negotiations have continued steadily since the start of the strike. After failure of representatives to settle upon a company-wide contract, it was agreed to negotiate separately for each plant.

Today an agreement on a contract covering the Fort Wayne plant was reached. It will be submitted to membership of the local for ratification.

Following today's sessions, Richard Gosser, vice-president of the UAW, said "there is a possibility that a strike settlement will be reached the early part of next week. Several locals have concluded tentative agreements."

House Spy Investigators Assert White House Is Non-Cooperative

Washington, Aug. 28—(P)—Congressional spy investigators formally accused the White House tonight of refusing to help "protect the national security."

In a report on "Communist espionage in the United States government," the House un-American activities committee said:

1. Its inquiry has been "hampered at every turn by White House 'obstructive tactics' and refusal to supply information."

2. The "failure" of Attorney General Clark to enforce laws against spying "as vigorously as he should" is largely responsible for "the growth and power of the Communist conspiracy" in America.

3. Laws must be passed to crack down on spying and Communist activities.

Proof Shifted to Hiss

4. It is making no "specific charges of perjury" at this time.

5. In the sensational controversy between Alger Hiss and Whittaker Chambers, it believes the burden of proof "has definitely shifted" from Chambers to Hiss. Chambers has said, and Hiss has denied, that Hiss, a former state department official, was a leader in a pre-war Communist underground in Washington.

Up to now, said the committee, "the verifiable portions of the Hiss testimony have been badly shaken."

6. It has been established definitely that during and since the war "numerous Communist espionage rings" were at work in the government, using the American Communist party and its agents to relay to Russia "vital information essential to our national defense and security." There is reason to believe such groups still are operating in the government.

7. The committee at times must run the risk "that a few innocent people may be temporarily embarrassed" in order to protect 140,000,000 Americans against being "permanently enslaved."

A large part of the report was devoted to an effort to explain and justify the committee hearings and to reviewing and summarizing the testimony to date.

One section was labeled "obstructive tactics by White House."

Investigation Hampered

"This section read:

"The committee's investigation of espionage among government workers has been hampered at every turn by the refusal of the executive branch of the government to cooperate in any way with the investigation due to the president's loyalty freeze order."

President Truman has refused to let Congressional committees inspect records of loyalty investigations of government employees. He also has said twice that the spy hearings have turned up nothing the FBI and other agencies didn't already know, and that the inquiry is a red herring intended to mask congressional failure to act against inflation.

**Former Convict
Confesses Slaying
Florida Couple**

Camilla, Ga., Aug. 28—(P)—A Negro convict has confessed participation in the moonlight beach slayings of a young couple at Ormond, Fla., Sheriff Grover Jones said today.

The confession climaxed a nationwide search for evidence in the murder of Gregory Blount of Lexington, Ky., a University of Kentucky student, and the murder and rape of Mary Hucks of East Point, Ga., a stenographer, Jones reported.

He said the Negro, whom he identified as Clarence Aubrey, admitted orally standing guard while Aubrey said, a Negro companion shot the student, assaulted the girl, and then shot her two weeks ago.

Jones said a hunt was on for the accomplice named by Aubrey.

The officer described Aubrey as a fugitive convict from the Florida state prison at Ralston, Fla.

No Settlement Made In Illinois Telephone Strike

Springfield, Ill., Aug. 28—(P)—The strike of Illinois Commercial Telephone company plant workers moved into its third week today with no signs of a settlement.

Although they have been meeting off and on since the walkout began, union and company negotiators said they made no progress in breaking the deadlock over wages.

Run Down US M. P.; Russian Soldier Shot

Berlin, Aug. 28—(AP)—An American military government document today charged the Russians with preparing to use Soviet troops in their drive to oust the anti-communist Berlin city government.

This week's communist-led invasions of the city hall in the Russian sector were called part of a Soviet plan to foment "spontaneous riots" which could provide the incidents needed for intervention by the Red army.

The document came to light as Russian-American relations in this beleaguered capital grew more tense after a wild incident in which speeding Russians ran down an American soldier last night. A Soviet soldier was reported shot.

Didn't Want To Stop

A red-headed Russian lieutenant colonel who said he was riding in a lend-lease jeep told liaison officers:

"I didn't want to be stopped and fall into the hands of an uncivilized, animal-like people who shoot without any provocation."

As a further strain, the city council served notice it would meet next Tuesday in the city hall. The move was planned in the face of the two invasions of the hall by communist-led demonstrators demanding their own Red regime.

The council announced it would meet despite a Russian break-off of its appeal for protection from the Soviet-backed East Berlin police.

Run Down American M.P.

Four gun-brandishing Soviet soldiers led by the lieutenant colonel zoomed wildly through the American sector of Berlin and ran down an American military policeman who tried to stop them. Pursuing Americans opened fire and, according to the Russians, wounded one of the Soviet soldiers.

The Soviet jeep roamed through road blocks and escaped in the Russian sector. The Americans gave chase for 800 yards into Soviet territory and then withdrew.

Col. Robert A. Willard, U. S. troop commander in Berlin, said in a written, formal protest to the Russians that American police "fired only as a last resort." The Russians filed a counter-protest charging the Americans with violating Soviet jurisdiction by entering their zone.

Suffers Broken Elbow

The American military policeman suffered a broken elbow when he was knocked off his motorcycle.

The Russians released today an American newspaper correspondent, four U. S. soldiers, and three Germans arrested and jailed last night in the Soviet sector of Berlin.

The correspondent was John J. Meehan, 26, Free Press, Pa. of the United Press. Seized with him were the three Germans, employees of the United Press and the New York Herald Tribune.

Cost Of Living In Neighboring Canada Critical

Ottawa, Canada, Aug. 28—(P)—The high cost of living in Canada appeared today to be mounting toward the national crisis point.

To the individual this upward price trend is a tougher matter in Canada than in the United States, for the average Canadian earns less than his neighbor to the south.

A recent estimate put the average pay of the Canadian industrial worker at \$37.02 per week, compared with \$51.68 at that time for his U. S. counterpart.

Recognizing the lure of more cash in the pay envelope, the Canadian government has long sought to check the southward emigration of talent by fostering the theory that higher living costs would offset higher U. S. wages.

But actual comparisons show that item for item almost everything but meat, dairy products and services cost more in Canada than in the United States.

Food, clothing, fuel and home furnishings are selling at record prices. The Bureau of Statistics says the dominion cost of living index, already above anything in Canada's history, rose 2.6 points to 156.9 in July, the last month reported.

DUTIES OF A CITIZEN

(From The New York Times)

Citizenship in a democracy imposes duties as well as rights. One of these duties, we believe, is for a present or former government official, or one attempting to influence public opinion, to tell the people what are his political beliefs and his political affiliations, present or past. The three former government officials—Lee Pressman, John Abt and Nathan Witt—who refused to answer such questions before an executive session of the un-American activities committee in Washington do not, in our opinion, have good legal grounds, and certainly not good moral grounds, for their refusals.

Mr. Pressman and Mr. Abt both are officially connected with the Progressive party that is attempting to get Mr. Wallace elected president of the United States. Mr. Pressman also is a candidate for Congress. Mr. Witt is a practicing attorney in New York city and thereby is an officer of the courts.

We do not approve of many of the practices of the un-American activities committee, especially its presentation of unsubstantiated testimony tending to prove disloyalty. We believe the committees have invaded the constitutional rights of many persons. We do not believe that asking a man whether he is, or has been, a Communist is such an invasion.

The Miracle: How Peace Came To The World

By Don Whitehead (For Hal Boyle)

Washington — (AP) — In the year 2000 A. D., an old man sat in the warm sunshine and this is the story he told to the boy who lay in the grass beside him:

The year 1955, my son, will always be celebrated with rejoicing as "The Year of the Great Command."

It seems strange to you, perhaps, that the world once lived in bloodshed and suffering and fear. But your history books tell you I am speaking truth.

Once the nations of the world and their people stumbled along fearful of each other and the future. The scales of fear can blind men's souls to obvious paths of truth.

And then it happened—just when angry, frightened nations were preparing to destroy themselves by atomic warfare.

Miracle Heard Everywhere
The Miracle came as bells were tolling in the new year. Suddenly there was a hush. Then a bolt of lightning flashed and a golden glow lighted the heavens. And His voice said: "I command you — do unto others as ye would that others do unto you!"

In every land and in every language, people saw and heard this miracle. And the scales of fear fell away. They knew in their hearts that the great mass of men — of every race and color and creed — was seeking the same goal of human dignity, freedom, and happiness.

And they saw that simple honesty and kindness held the solution to their troubles.

Oh, it was a great year, I tell you. Changes came so fast we could hardly grasp their meaning.

A few weeks after the Miracle, a Russian plane landed at the Washington airport and Josef Stalin stepped out. The news threw the world into an uproar, and lights burned in chancelleries around the world.

Issue Joint Statement
The president rushed down to meet Stalin and take him to the White House as his guest. Thou-

must have dreamed.

The boy looked up and said: "Hey, grandpop! Why have you been so quiet all this time?"

The old man stirred and smiled. "I've been dreaming, son. I guess I must have dreamed."

Elephants, contrary to popular legend, don't go to a common elephant graveyard to die. It is estimated that 2000 elephants die in Africa each year. Few of them are found, however, for the forest quickly covers over the remains left by scavengers.

Officers' Night**

At the regular meeting of Wilber chapter, O.E.S., held Thursday night, August 26th in the Masonic Temple, Mrs. John McDonald and Frances Goodall received the de-grees of the Order. Music was fur-nished for the ceremony by Mrs. Inez Canatsey, Mrs. Myrtle Chum-ley and Fern Haigh.

During the business session, the Chapter voted to buy two new tables for use in the kitchen.

Plans for Advance Officers Night on September 9th are nearly com-pleted. Mrs. Marian May will serve as worthy patron, John May as associate matron and Martha Brunk as conductress for the evening. All other stations are invited by Mrs. May from surrounding chapters.

The dinner will be served at 6:15 in the Masonic Temple by the Rain-bow girls and mothers. All members are urged to get their reservations in by September 4.

The worthy matron, Mrs. Dorothy Chumley, announced that on Sun-day, Sept. 12, members of the East-ern Star will celebrate the 25th an-niversary of the home at Rockford with the worthy grand matron, Mrs. Clara Francis and her entire of-ficial family present. The pilgrimage will start at 10 a. m. and a very fine program is planned for the after-noon. The members may bring either a picnic lunch or may pur-chase same on grounds. This pil-grimage will enable all the members to view with pride the beautiful home which serves as a haven for over 100 aged women.

At the close of the meeting re-freshments were served in the ladies lounge.

go with an Army job in Japan!**

How times have changed. Three years ago, when our first victorious combat men left Japan, much of it was a shambles. The Japanese people were so dazed by defeat they didn't know which way to turn. The life of an Army man often had its discomforts.

But look at him today! He's helped to start the rebuilding of Japan, to restore roads and rail-ways, to inspire a tired and hungry people with the hope of Democracy. Under his guiding hand, courts of justice, woman suffrage and freedom of worship have been brought about. In Japan there is only one soldier for every 400 Japanese—the smallest per capita occupation army in the world.

The pay of a Private is 50% higher than three years ago, then another 20% higher overseas. And almost every cent can be banked. None of it goes for food, housing, medical or dental care, clothing, retirement annuity, or the opportunity to continue his education. The Army furnishes him equip-ment for organized sports. While on leave, he can ski in winter or visit summer resorts at a fraction of what these activities would cost him in the United States.

An Army career in Japan is full of advantages such as these. Compare it with any job across the board—you'll find it hard to beat! Ask at your nearest Army and Air Force Recruiting Station for full details.

Farmer Finds Cluster Of Corn In His Field

An unusual stalk of corn was brought into the Elliott State bank Saturday morning, by James Leake, R. R. 1, Jacksonville. The stalk, about eight feet tall, had a cluster of seven ears growing from the top. Five of the ears were fully developed. Mr. Leake stated that the corn was from a field of sweet corn on his farm, located 7 miles northwest of town. He said that he had observed several stalks with clusters of six ears, but that the one he brought to town was the largest. Mr. Leake said he had been farming for many years, but that he had never observed such a formation before. The corn was not growing from the tassel, but from the main stalk. Two ears were growing from their normal position.

Draft Registration Will Begin Monday

Estelle Neff, chairman of the Morgan county draft board, announced that four places of registration throughout the county will open Monday morning at 8 a. m. All men between the ages of 18-25 must register for this peacetime Selective Service act.

The places of registration are as follows: Jacksonville, American Legion home; Waverly, American Legion; Meredosia, American Legion; and Chapin, Town hall.

Mr. Neff stated that residents in the county outside of these four places may register at the nearest convenient point. All points will be open from 8 a. m. through 5 p. m.

Proof of Service
Veterans should, he said, bring proof of service with them when they register. Mr. Neff pointed out that this will help them fill out their registration blanks. Information pertaining to length of service is on the blank.

Anyone wishing to volunteer their services at any of these stations should contact the following people: Walter Hamilton in Jacksonville; William Allen in Waverly; and C. P. Hendrick in Chapin and Meredosia.

Schedule of Registration
Mr. Neff stated that to avoid confusion, men should register on days assigned to them by Selective Service headquarters. Registrants should follow the schedule below:

"(a) Persons born in the year 1922 after August 30, 1922, shall be registered on Monday, August 30, 1948;
"(b) Persons born in the year 1923 shall be registered on Tuesday, the 31st day of August, or on Wednesday, the 1st day of September, 1948;

Must File For Terminal Leave Pay By August 31

Illinois veterans who have failed to apply for their terminal leave pay were warned Saturday by the Illinois Veterans commission that August 31 is the deadline for filing for this war service benefit.

All enlisted personnel who served honorably in any branch of the armed forces after September 8, 1939 are entitled to receive payment for unused leave or furlough time accumulated during active service. The payment may be had in cash or bonds. The survivors of deceased servicemen and the guardians of incompetent veterans are eligible to apply for the terminal leave pay if the veteran involved did not receive the pay previously.

D. L. Whitehurst, IVO service officer in Morgan county, will assist any veteran, or others eligible, to apply for the terminal leave pay before the August 31 deadline. His office is located at 6-7 Morrison Block.

SOME INTERESTING FIGURES AND WHAT THEY MEAN

Retail trade in Morgan County totaled \$7,289,149 during the first quarter of 1948, a gain of 12.9% over the same period last year and 171.7% more than in the first three months of 1941.

A substantial part of the gain in dollar volume was due to higher prices. The true change in sales volume was 9.4% over 1947 and 46.5% over 1941 for the same three month period.

The figures show a progress to which The Farmers State Bank's service has made a conspicuous contribution.

THE STORY: Hilary Shentstone, British secret agent, lies wounded in the Indian desert beside a crashed plane, after completing a dangerous mission. He thinks of Nana Farthing, his home in the English country-side, and feels a desperate need to get back there. He doesn't know that the house has been let and that dreamy, 17-year-old Sabrina, whom he has never met, has adopted his old room and eagerly awaits his return. "Things have begun to slip, Bill," he tells the pilot with him, as they await rescue.

VIII
PERHAPS it was a dream and he would wake up soon in his narrow bed in Peshawar. . . .

Mist was creeping in over the Embankment from the River. Not an old-fashioned fog, for it was June in London. This was just a white blur, hanging still and muggy—a come-by-chance summer mist.

Big Ben had just struck 10 p. m. when he passed Cleopatra's Needle and glanced up into the calm, bronze face of one of the attendant sphinxes.

"Do you think, if I'm very careful not to jar myself or knock into anything, I can get as far as the club and have a drink there before I wake up?" Hilary inquired of it, and there was naturally no reply. "I'm going to try, anyway. I'd like to see London again, even if it's only a dream," he told the sphinx, and moved away westward, into the mist.

As he turned into Northumberland Avenue, Hilary caught sight of Nelson on his column. No mist in Trafalgar Square. That was queer. London was suddenly in sharper focus as he reached Cockspur Street and heard taxi horns and passed a policeman with a short rolled mackintosh hooked to his belt in a normal sort of way, and noticed that the pavement was up in the Haymarket as usual.

But it was still rather like a dream, to sight the Carlton again, with Pall Mall just ahead. . . .

HILARY SHENTSTONE and his brother George, dissimilar in appearance and temperament as two brothers can be, had the same favorite club in Pall Mall, though each preferred it for a different reason. George went there because it was most convenient to his West End orbit, and because its wines and cigars were superior. Hilary frequented it, when he was in London, because various pals of his father's could still be found there.

The usual after-dinner peace brooded over its lounge that June evening.

In a big chair by the fireplace George Shentstone was smoking a cigar and working his way with-out a smile through the newest "Punch." He was fair, and a little thick through the neck, and still young enough to enjoy being sardonic. Near him old Calthorpe—he was barely 50, and old was a term of affection—sat behind the "Standard," ruddy and cheerful, wise in the ways of men and of horses. On the other side of a table full of periodicals Lord Totleigh, father of the Honorable Alice, had his nose in the "Illustrated London News," and was not pleased with what he saw there. He gave a despairing grunt and flung out the paper at the others.

"Look at that!" he commanded them. "India's a mess. It's always been a mess, and I'm afraid it always will be!"

Calthorpe glanced briefly at the paper. Waziristan again.

"Is Hilary still out there?" he inquired of George.

"Oh, yes, so far as anybody knows," said Hilary's brother, grinding his teeth on a yawn. "His leave is overdue, but Hilary never writes."

"Alice is worrying, I think," said her father. "I must say, Hilary might let her hear a little often."

"What's he doing out there now?" Calthorpe asked.

"Sh!" said George. "Not so loud. Hilary moves in a cloud these days. One of those hush-hush expeditions up north."

"Oh, I say, have they given him another one of those nasty Border jobs?"

"Don't feel sorry for him, he loves it," objected Hilary's brother. "Keep the flag flyin'—that sort of thing! Hilary's exactly like father, and father might have been something that Kipling wrote."

"If you live long enough," Calthorpe told him with studied kindness, "you'll be able to see that men like your father and Hilary are an important part of England's survival."

"I suppose so," George agreed heavily. "I suppose one should give thanks fasting even for death and taxes!"

"Oh, taxes!" murmured Totleigh. "You've got a tenant for Nuns Farthing, what are you grousing about?"

"You've let Nuns Farthing, George?" exclaimed Calthorpe.

"Yes, and that's a piece of luck if you like! Wish he'd buy instead of letting. Rum old blighter out of the British Museum. With a couple of unfortunate female belongings, sister and a kid. Must be nice for them!"

"I used to go down there quite a lot before the War," mused Calthorpe. "You and Hilary and Alice were children. Used to have tea under a big tree on the lawn—"

He pulled himself out of reverie with a long sigh. "Ah, well, something like those days will come again, please God! Don't you sell the place, George. You hang on to it for your old age!"

"Yes, and pay taxes on it meanwhile!" growled George. "But try and get mother to live there! Or Alice either, for that matter! He rose, with an ill-smothered yawn. "Hilary can have it," he said, "for his old age! Good-night sir."

They waited in noncommittal silence till he was quite gone. Then they looked at each other, and old Lord Totleigh's quizzical brows went still higher.

"He's right about Alice, anyway," he admitted. "She doesn't like living in the country."

Douglass Family Takes 4488 Mile Trip Into West

Ashland—Mr. and Mrs. Chester Douglass and two children, who just returned from a tour of the west, give quite an interesting outline of their trip. They first visited in Deere Creek, Oklahoma with relatives and then went to Sedan, New Mexico, to visit with Mr. and Mrs. George Stevenson. Mrs. Stevenson and Mr. Douglass were grade school mates in Amistad, New Mexico, where Mr. Douglass spent his boyhood days and went to school.

From there they went to Tucumcari, New Mexico, to see more friends, and then to Prescott, Arizona. It was a beautiful mountain drive from there to California, where they spent a few days sight-seeing in Chinatown; Santa Anita race tracks, Pony Express museum,

and the Forest Lawn mausoleum. In the mausoleum was a most beautiful picture in colors of "The Last Supper."

On their return they spent several hours at Salt Lake City and listened to a one half-hour recital in the tabernacle; and also saw the rodeo grounds at Cheyenne, Wyoming. The total miles of their trip was 4,488 miles.

The total world ratio is 3.8 automobiles to every mile of road.

Yanks Nip Indians 3-2 On 'Gift' Runs

New York, Aug. 28.—(P)—The New York Yankees, aided not little by the intense heat and wildness on the part of a couple of Cleveland hurriers, came up with a couple of "gift" runs in the last of the ninth inning to nip the Indians 3-2.

The victory enabled the Yanks to climb past the Indians into second place in the American league pennant race, a game and a half behind the front-running Boston Red Sox.

The Yankees scored the tying and winning run without the aid of a base hit. The winning "rally" resulted from three walks, a hit batsman, a sacrifice and a fielder's choice. The winning run crossed the plate when the Indians just missed completing a double play on Cliff Mapes' bouncer as Larry Berra romped home.

Luckman, Bears Edge Philadelphia Eagles, 24 To 23

Indianapolis, Aug. 28.—(P)—Sid Luckman completed six passes totaling 62 yards to set up the tying touchdown and winning point as the Chicago Bears defeated the Philadelphia Eagles today, 24 to 23, in a National Football League exhibition at Butler Bowl.

Temperature around 100 degrees limited the crowd to about 15,000 in the Indianapolis News charity game.

Luckman and the Eagles' Tom Thompson filled the air with passes as the teams panted and perspired in the shimmering heat. The Bears' comeback completed 11 to 17 for Luckman and one touchdown.

Thompson hit his receiver with 18 of 29 for 149 yards and one touchdown. The Eagles came from behind twice and led the Chicago eleven, 22 to 17, with about five minutes left. Then Luckman passed nine times in nine plays. An offside penalty nullified one of his tosses and two were incomplete but the others, to Jim Keane, George Gulyanics and George McAfee, moved the ball 50 yards to the Eagle 15.

A five-yard penalty helped the Bears. McAfee plunged for two and Gulyanics drove through left tackle for the tying touchdown. Fred Venturielli, a 235-pound Bear freshman, who never played college ball, kicked his third extra point for the winning margin.

The Bears' two freshmen quarterbacks didn't give Luckman much help. Johnny Lujack of Notre Dame was unable to play because of an ankle injury. Bobbie Bayne of Texas tried a half-dozen passes but couldn't connect.

'Miss Great Lakes' Wins Gold Cup Trophy At Detroit

Detroit, Aug. 28.—(P)—A mahogany and white-hulled Detroit speed boat won the famed Gold Cup trophy here today.

'Miss Great Lakes', piloted by Danny Foster, did the trick by outlasting a field of more than a score of the world's fastest speed boats to win two heats and finish second in another.

It probably was not a wholly satisfactory victory to Foster.

Foster's ship of the race came only seconds after the boats had sparred over the starting line in the first heat. Band leader Guy Lombardo's Tempo VI broke up and sank as he swung sharply to avoid crashing into Morian Vise's Hurricane IV of Los Angeles that had damaged a propeller.

Lombardo suffered a broken arm but was back to the judges' stand watching the race an hour later.

Spiders Hold Snake Prisoner For Five Days

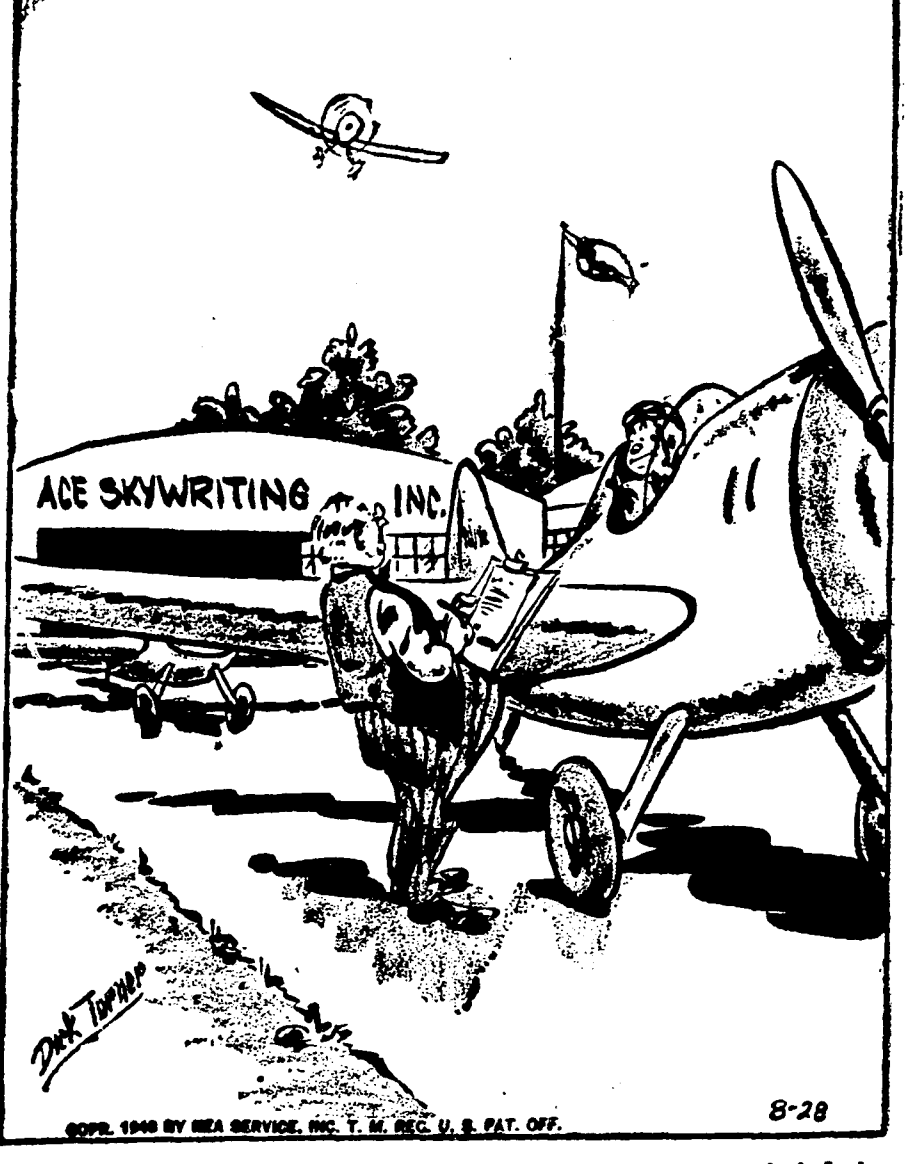

Chicago, Aug. 28.—(P)—Two spiders and their webs held an eight-inch garter snake prisoner for five days, but the intended victim slithered away before they could make a meal of him.

Norman Lingenfelter, 46-year-old poultry farmer of York Center, found the snake enmeshed in a web but decided not to interfere.

"I'm going to let the law of the jungle take its course," he said.

Thursday night he looked in his utility room to see how the snake's death struggle with a small green spider was progressing. The web was broken.

JayCees Lose In First Softball Tourney Tilt

By Charles Bellatti

Decatur, Ill., Aug. 28.—(Special)—The Jacksonville JayCees were eliminated in their first game in the Illinois State Girls Softball tournament Saturday night when the Peoria Yankees rallied in the seventh inning to capture the game, 12 to 10.

Trailing 9 to 6 at the end of the fourth inning the Jacksonville girls staged a rally in the fifth inning, scoring four runs which gave them a 10-9 margin. Neither team scored in the sixth inning but the Peoria girls staged a rally in the seventh inning, scoring three runs to put them in front 12 to 10.

Jacksonville threatened in the seventh and got runners on second and third with two out. The last batter tapped weakly to short and was thrown out, ending the game.

Schneider started the game for Jacksonville but got into trouble and Lauder was sent in as relief. Lauder is the regular hurler for Jacksonville and was being saved for the second game of the series. Lauder pitched well until the seventh when Peoria put on a slugfest.

The score by innings:
Yankees 303 300 3-12 17 2
JayCees 202 240 0-10 13 3
Andrews and Dotta; Schneider, Lauder (3) and Phillips.

Railroaders Seek Twelfth IVY Grid Title In 21 Years

By John Campbell

White Hall.—The Roodhouse Railroaders are the Illinois League Valley defending champs and Coach Mason Campbell is beginning his tenth season at the Greene County school as head coach in all sports. His chief players returning from the championship squad of a year ago are Ballard, Benner, Scott, Tennill, Hutton and several reserves. Gone by graduation are six first line men, Carman, Bell, Day, Roodhouse, Havin and Brooks; Hendrickson and Little have departed from the backfield by graduation.

Coch Campbell's eleven is gunning for its 12th valley title in 21 years. Thirty candidates answered the initial call for practice sessions and by the start of school next Monday all the men will settle down to hard practice as has been the custom at Roodhouse high school the past 20 years. Since Foster Keagle came to the school as head coach in 1929, the Railroaders have been very hard to beat by any team that faced them including several tough non-loop teams. Among the strong teams met by Roodhouse high in the past 15 years have been Havana in 1935; the great Benny Sheridan of that team who later went on to star for Notre Dame university sparked the Havana eleven to a 7-0 victory; Urbana's fine Big 12 champs of 1938 beat the Roodhouse team 14-0 after a scoreless first half; Quincy for Iowa U. beat the Roodhouse team 7-0; Roodhouse played a fine South Central championship Carolina team to a scoreless tie; went to Westville and lost to a big, tough outfit 19-0 in one of the best played games of that season.

Meet Waverly Sept. 17
The Roodhouse eleven will get the first taste of competition Sept. 17 at home when Coach Lyle King's Waverly Scotties play the Railroaders a visit. The ace fullback for the Roodhouse eleven the past three seasons, Lawrence "Sam" Ballard, and

CHICAGO LIVESTOCK MARKET REPORT

Chicago, Aug. 28.—(P)—Prices ranged nominally from \$25.25 to \$30.75 on hogs at the livestock market today. Quotations were steady with yesterday, as was true also of cattle and sheep.

For the first time in several weeks sows comprised less than 50 percent of the hog run this week. More light weight new crop hogs were available, and prices on these types ended steady to weak. Heavier weights and sows were steady to 50 cents higher.

Practically everything in the cattle section declined this week, although two loads of choice to prime steers equalled the record price of \$41.35. But most steers broke \$1.50 to \$2.00. Hot weather influenced the market, wholesale and retailers reporting the lightest business in several months.

Native spring lambs dropped \$1.00 while yearlings broke \$1.50 to \$2.00 for the week.

GRAIN PRICES EDGE LOWER; SATURDAY'S TRADING DULL

Chicago, Ill., Aug. 28.—(P)—Grain prices edged lower in a rather dull trade on the board of trade today. Less demand from cash houses for wheat and rains over a good part of the Iowa corn territory caused moderate selling. There also was some profit taking and evening up for the week-end.

Demand for cash corn was much less urgent than yesterday and the best price in the spot market today was \$1.96. That compared with \$2.00 yesterday. Even so, this was a good upturn from Monday's prices, when No. 1 yellow corn sold at \$1.78 to \$1.81.

Announcement overnight of mid-August parity prices had little influence on the market. They were all unchanged from the previous month. Wheat parity for the nation was \$2.22, corn \$1.61, oats \$1.00, rye \$1.81 and soybeans \$2.41.

Wheat closed 1-13 lower, September \$2.23-18, corn was 18 lower to \$1.96, September \$1.60-8, oats were 1-8 lower, September 71-8, rye was 21-21 lower, December \$1.58 1/2, and soybeans were 13 to 2 cents lower, November \$2.43.

Preliminary estimated receipts of grain in carslots here today: wheat 30; corn 66; oats 12; rye 17; barley 16 and soybeans 3.

Chicago Cash Grain

Chicago, Aug. 28.—(P)—Wheat No. 2 red, 2.24; No. 4, 2.20; No. 4 red tough, 2.15; No. 5 red tough, 2.15; No. 2 hard, 2.24.
Corn No. 1 yellow, 1.94-96; No. 2, 1.95.
Oats No. 1 extra heavy white, 79; feed, 1.00-25 nominal.
Barley maling, 1.16-62 nominal; No. 1 heavy white, 77.

Markets at a Glance

Chicago, Aug. 28.—(P)—Wheat—Easy; cash houses not buying.
Corn—Mixed; September lower, new crop higher on short covering.
Oats—Lower in light trade.
Soybeans—Lower; trade fairly brisk.
Hogs—Nominally steady.
Cattle—Nominally steady.

Citation Gallops To Win With Eddie Arcaro Up

Chicago, Aug. 28.—(P)—Citation galloped to a length victory in the \$28,750 American derby at Washington Park today.

Citation, ridden by jockey Eddie Arcaro ran the mile and a quarter in 2:01 3/5. Free America, Citation's running mate, finished second with Volcanic third. Papa Redbird was fourth and Reborn fifth and last.

The original starting field of seven was reduced to five by the withdrawal of Shyruy and Bettessell. The victory was worth \$26,450 to Warren Wright, owner of the Calumet Farm, bringing Citation's earnings to \$851,750 in a year and a half of racing.

Soviet Officials In Berlin Ignore Protection Pleas

Berlin, Aug. 28.—(P)—Berlin's Soviet commandant today evaded pleas by city council leaders that he protect their meetings from further invasions by Communist demonstrators. Then he passed the buck to the Russian sector police.

In reply to a letter from the council speaker, asking such protection, the commandant, Maj. Gen. Alexander Kotikov said he "did not understand" what was desired of him. Kotikov was asked last night for assurances that the city hall—in the Soviet sector—would be kept clear of rioters, who have invaded it the past two days, forcing cancellation of assembly meetings.

His reply to the letter from Socialist Otto Suhr, speaker of the mainly non-Communist assembly, consisted of a series of counter questions and was front paged today by the official Soviet press.

The commandant's reply requested a series of "clarifications" and asked why the city council did not apply to German police in city hall district for protection.

Heath's Homer Gives Boston 5 To 4 Win

Chicago, Aug. 28.—(P)—Jeff Heath pounded out an inside-the-park homer with two mates on base here today to salvage a 5-4 victory for the Boston Braves over the Chicago Cubs. It was the lone triumph of the four-game series for the league leaders.

It took a fielding mishap to win it for the Braves. Hal Jeffcoat was knocked unconscious as he crashed into the center field wall chasing Heath's drive. He collapsed at the base of the wall and "Peanuts" Lowrey raced over from left field to pick up the ball. It gave Heath ample time to circle the bases.

Jeffcoat recovered after a few minutes and retired from the game. However, he wasn't seriously hurt. He left the field under his own power.

The victory enabled the Braves to maintain their two-game edge over both the Dodgers and Cardinals, who also won.

Davis Cup Mates Clash In Finals Of Tennis Tourney

Brookline, Mass., Aug. 28.—(P)—Such long established tennis doubles teams as Gardnar Mulloy of Miami and Bill Talbot of New York, and the invincible Louise Brough of Beverly Hills, Calif., and Mrs. Margaret Osborne DuPont of Wilmington, Del., ended a week's battle against torrid heat and red hot opposition with more national titles today at Wimbledon.

For the fourth time since 1942, Mulloy and Talbot gained the men's team crowns by out-battling their U. S. Davis Cup teammates, Ted Schroeder of La Crescenta, Calif., and Frank Parker of Los Angeles, for a 1-6, 9-7, 6-3, 3-6, 9-7 triumph. It was seven such championships in a row for Miss Brough and Mrs. DuPont when they, for the second straight year, topped Doris Hart of Miami and Mrs. Patricia Canning Todd of La Jolla, Calif., 6-4, 8-10, 6-1.

The men's windup was a sparkling affair with all concerned playing superb tennis, much to the delight of the U. S. Davis Cup team's committeemen, who will call upon that quartet to turn back the challenging Australian forces in next week's international trophy finale at Forest Hills.

Wallace Protests Baltimore Hotels Won't Cater Party

New York, Aug. 28.—(P)—Henry A. Wallace has protested to Gov. William Preston Lane of Maryland that all major Baltimore hotels have denied facilities to the Progressive party for a dinner next month.

In a telegram to the governor yesterday, the Progressive party presidential candidate said that the hotel facilities were refused because of an "admitted policy of racial discrimination."

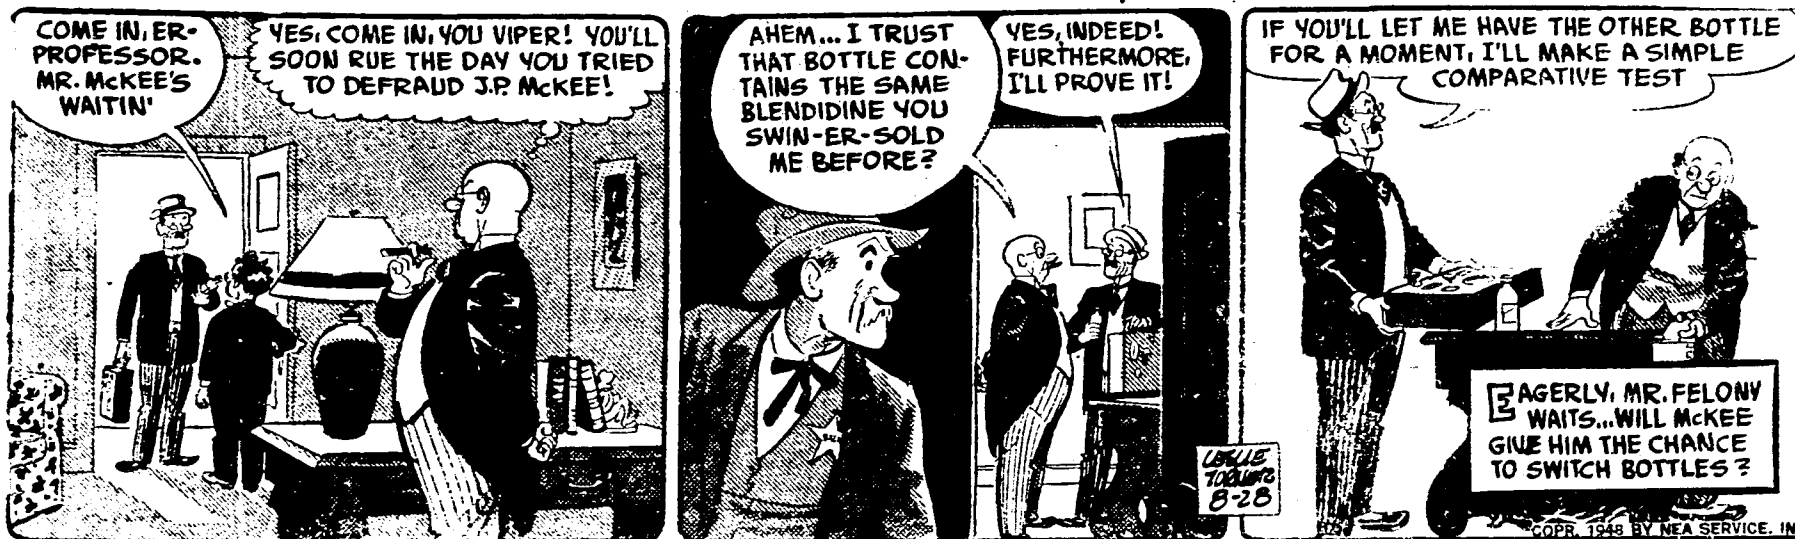

"Several hundred Baltimore citizens were refused reservations for the alleged reason that Baltimore hotels do not permit attendance of Negroes at political functions," Wallace said.

He urged the governor to use his office to "urge Baltimore hotels to end their un-American practice of discrimination." The dinner is scheduled for Sept. 12.

Woodrow Wilson was the first president in 116 years to deliver his first message to Congress in person.

19-Year-Old Chapin Youth Electrocuted At Bluffs Garage

Bluffs—Paul Johnson, 19-year-old Chapin youth was electrocuted about 5 o'clock (CST) Saturday afternoon in the mechanical section of the Central Motor Sales garage here, when he came into contact with a "trouble cord" which had become shorted.

Luther Vortman, owner of the garage and Robert Taylor, a mechanic who were working on the car with Johnson also were shocked but escaped injury.

According to testimony given at an inquest conducted by Dr. R. R. Jones of Winchester, Scott county coroner, Johnson was working under an automobile when the accident happened. Because of the torrid heat Johnson's clothing was wet from perspiration.

After receiving the shock, Johnson is said to have crawled from under the automobile and collapsed. Taylor immediately started giving him artificial respiration and Dr. O. H. Berry was summoned.

A call was sent to the Jacksonville fire department for a rescuator and Captain Ernest Vieira and Fireman Wiley Shawen were driven to Bluffs by Traffic Officer Harold Campbell, who was off duty but at the police station when the call came. Campbell made the trip to Bluffs in 17 minutes.

The Jacksonville firemen immediately started work in an effort to save Johnson's life. After using five small tanks of oxygen and a portion of a large tank, Johnson was pronounced dead at 8:20 p.m.

A respirator from Mercedia was also brought to Bluffs and the C.I.P.S. crew from Beardstown also arrived and assisted the Jacksonville firemen.

After the first four tanks of oxygen were used, Officer Campbell used the two-way radio to order another tank from Jacksonville.

Dr. Wolfe Summerson, Captain Ike Flynn went to Our Saviour's hospital and secured a large tank and with Officer Wayne Carter started for Bluffs. Officer Campbell started east to meet his fellow officers. By using the two-way radio the officers kept in touch with each other and met at Bethel where the tank was placed in the car driven by Campbell and hurried to Bluffs.

Officer Campbell also used the two-way radio to call Patrolman Francis O. Willner and asked him to summon Dr. A. G. Wolfe. Dr. Wolfe arrived in Bluffs about 7 p.m. (CST).

The coroner's jury returned a verdict finding that Johnson's death was accidental and was due to an electrical shock.

Members of the jury were Edward Meier, foreman; Floyd and Dick Brockhouse; Mrs. Cornelia Winger of Winchester was the inquest stenographer. Vortman, Taylor and Dr. Berry testified at the inquest.

Parents, Brother Survive Paul Johnson was the son of Mr. and Mrs. Melvin Johnson of Chapin, Ill., both employees of the Chapin Telephone company. His parents and one brother, Gordon Johnson, survive.

Paul was a graduate of the Charles S. French Community High School at Chapin and attended Western Teachers College at Macomb the last semester. He had told friends that he expected to enlist in the United States army within a short time.

The Bluffs Civic Club was holding its annual homecoming in Bluffs at the time of the accident and many persons were attracted to the garage.

The body was taken to the Williamson Funeral Home in Jacksonville. Funeral arrangements have not been completed.

A truck and an automobile collided on Route 67 south of Jacksonville about 6:30 o'clock Saturday night, but both drivers escaped injury, although both vehicles left the road.

The accident happened when Thomas P. Wilson of Richmond Heights, Mo., driving an automobile attempted to pass a truck driven by Virgil Muntman of Jacksonville.

Both vehicles were travelling south. As Wilson started to pass the truck, Muntman made a left hand turn into a side road, police officers said.

Wilson's car smashed into the side of the truck and both the automobile and truck took off into a nearby field.

While the drivers escaped injury both the truck and car were badly damaged and had to be towed to a local garage.

State Highway Patrolmen Stewart and Keller and Deputy Sheriff Arthur Roach investigated the accident.

ALL THAT BEER AND NO PRETZELS

Red Bluff, Calif., Aug. 28.—(P)—Beer flowed freely out of Red Bluff again today, and a depressing sight it was to many citizens.

For the second day in a row, a stream of beer flowed down to the Sacramento river and thence to the sea as a local brewery complied with a federal court's order to empty its vats.

Before the "river" dries up, tomorrow night or Monday, 124,000 gallons of brew will have been dumped by the United States Brewing Corporation. The concern is in receivership and a federal judge ordered the beer dumped as a time and money saver.

Injuries Suffered In Highway Mishap Fatal To Melrose Park Man

James Fausett, 20-year-old truck driver from Melrose Park, Ill., died Saturday afternoon at Our Saviour's hospital from injuries received when the truck in which he was riding ran off the highway on Route 36 near Winchester last Tuesday night. Death resulted from internal injuries. The truck was driven by Charles Bell of Chicago.

According to testimony at an inquest conducted by Coroner C. S. Young at the Reavy Funeral Home last night, Fausett was making his first trip as an overland driver for the Bell Provision company. He had driven in Chicago for some time but was making his initial trip over the Illinois route.

According to Charles Bell, who came to Jacksonville to testify, Fausett drove the truck as far as Springfield, when Bell took over.

Brakes Failed To Work

Bell told the jurors that the brakes failed to work as he approached a curve causing the truck to overturn. The cargo of meat was strewn over the pavement. The cargo was consigned to Kinderhook, Illinois.

After hearing the testimony of Bell and Mrs. Mildred Lamp of Chicago, an aunt of the dead youth, and a deposition from Dr. V. T. J. Lenth, the jury found that Fausett came to his death from "internal injuries, such as extensive retro-peritoneal hemorrhage from the right iliac vein which had ruptured as the result of blow or crushing injury to the abdomen; the contributory cause—the result of a truck from Bell Provision company accidentally overturning on a sharp curve on Route 36 in Winchester on Tuesday, Aug. 24, at approximately 11:50 p.m."

Funeral in Chicago

Members of the jury were Lawrence Quinlan, foreman; Sadie Edwards, Aileen Longman, Dorothy Ward, Thomas Sorrell, and Edward Strommatt. Mrs. Edward Strommatt was the stenographer.

Fausett is survived by his mother, Mrs. Mat Klaersch, and stepfather, Maht Klaersch both of Melrose Park, Ill.

The body will be shipped to Chicago Monday where funeral services will be held on Wednesday afternoon.
